**Aimhigher Peninsula
Programme
Vocational Pathways
Strand**

Working with Aimhigher benefits your college by...

- Contributing to widening participation
- Raising aspirations and awareness of higher education
- Providing attainment raising activities that can be linked to the curriculum
- Raising awareness of progression routes in your college and the wider region

Provides your learners with...

- Information to make well informed decisions about their futures
- Increased awareness of progression routes
- A wider knowledge of higher education
- The opportunity to participate in motivational activities

Target groups:

Level two and three vocational learners

Advanced Apprentices

Young Apprentices

Aimhigher Project Officers

What the Project Officer can do to help...

- Provide funding
- Assist FE and HE tutors in planning, costing and delivering activities
- Plan and deliver information and advice sessions for groups and individuals on progression routes and UCAS applications
- Provide and advise on information packs and other resources to support career management and progression
- Help select and deploy student ambassadors
- Monitor and evaluate the activity

For more information on our projects, activities and case studies go to www.learnandwork.org

Look on the Aimhigher Practitioner www.aimhigher.ac.uk/sites/practitioner/home website for national resources.
